

St. Paul Radiology

It's simple!

Call: 651.632.5700

Coordinate: date/time/location

Communicate: symptoms/labs/imaging history

If the patient's insurance provider is HealthPartners, Medica or Blue Cross Blue Shield of Minnesota, we take it from there! Appropriate exams will be scheduled immediately. If the imaging decision is not supported, no problem. We'll connect you with a radiologist who will assist in determining the appropriate imaging procedure.

At the time of scheduling, please provide the following patient information:

- insurance ID number
- clinical symptoms and indications
- patient lab and imaging history

One number, one call. Now that's efficiency and convenience — with the same quality imaging services you've come to depend on.

One number, one call.

Call central scheduling for pre-authorizations and to arrange an exam at any St. Paul Radiology location.
